**Re: Survalent Global Training and Users Conference (Orlando, FL)**

Honorable Mayor Titus and Board Members,

I am requesting Patrick Byerley be approved to attend the Survalent Global Training and User Conference from September 15<sup>th</sup> through September 20<sup>th</sup>. Total estimated cost including registration, accommodations, and travel expenses are not to exceed \$2400.

Survalent is the Supervisory Control and Data Acquisition (SCADA) platform we utilize within our utility. During this training conference, the first 2 days are geared toward improving operational efficiencies, customer relations, cybersecurity, and electric distribution network reliability. The following 2 hands-on training days focus on building knowledge and expertise through classroom instruction. In March of 2024 Survalent released a new overhauled version of their software and with this training opportunity, Pat will be able to deploy and oversee this updated more secure SCADA platform for our utility.

Sincerely,

Scott Yost  
Electric Utility Manager
