Re: Chlorine supplies contractual election 2nd Quarter - Informational

Mayor and Board Members,

As per our contract with Brenntag Mid-South INC., an email has been provided to the Water Utility that as of the date of the email notice as of 28 February 2025 Brenntag is locking in the current price per pound of Chlorine gas at \$1.19. As this is the best pricing available, I am advising that the Utility will continue to order from Brenntag Mid-South, INC. for 2nd Quarter ending 30 June 2025. Prior to the end of the 2nd quarter of 2025, we will request updated pricing for service from all distributors and make the selection for service for 3rd Quarter ending 30 September 2025. We will provide another award letter at the time of selection for the 2nd Quarter to ensure that all parties acknowledge any change that may be selected.

The following is the tabulation of the pricing as received:

Company	Cost per pound of chlorine	Pricing firm through
Brenntag Mid-South Inc.	\$ 1.19	30 June 2025
Water Solutions Unlimited	\$ 1.38	30 June 2025
Alexander Chemical Corp	\$ 1.43	30 June 2025

I am advising the Board that we continue with Brenntag Mid-South INC. for chlorine supply services for 2nd Quarter ending on 30 June 2025.

I welcome any questions the Board may have on this recommendation.

Respectfully Submitted,

Charles Gill
Water Utility Manager

cc: Jane Webb, Utility Coordinator
Gregg Morelock, City Attorney
Lori Elmore, Clerk-Treasurer

Hi Jimmy,

I just heard back, and we are staying at \$1.433/lb. However, if you are going to place an order, we need ample time to set you up as a customer and such.

Please let us know beforehand if you would like to order.

Thank you!

Regards,

Cheyenne Haney
