

# NOTICE

Due to upcoming construction activities related to the construction of the new wastewater treatment plant, the brush and leaf drop off area will be closed to the public effective on January 1, 2021, and will remain closed until further notice. Only City personnel and approved construction personnel will be permitted in the brush and leaf area. While we realize that this will be an inconvenience to the City of Greenfield residents that utilize this area, we need to have this area closed in order to ensure the safety of those involved in the project and the safety of our residents.
